PROFESSIONAL SUMMARY

Motivated and detail-oriented Entry-Level Python Developer with practical experience building backend web applications using Python and Django. Strong foundation in OOP principles, REST API development, authentication systems, payment gateway integration, and relational database design. Experienced in developing secure CRUD-based applications and optimizing SQL queries.

TECHNICAL SKILLS

Programming : Python, SQL
Frameworks : Django, Django REST Framework
Database : SQL, Django ORM, MySQL
Payment Integration : Razorpay Payment Gateway, Webhooks, Transaction APIs
Tools : Git, GitHub, Postman, VS Code, PyCharm
Concepts : OOPS, CRUD Operations, JWT, REST APIs, API Development, JSON, Data Structures & Algorithms

INTERNSHIP

Besant Technologies 05/12/2025 25/03/2026

Developed backend modules using Python and Django following MVT architecture, implementing CRUD operations with form validation and database integration. Optimized MySQL queries to improve application performance, while debugging and resolving backend issues to enhance overall reliability.

PROJECTS

Fingerprint Authentication Project

Python · Django REST Framework · MySQL

Developed a fingerprint authentication system using Django REST Framework, implementing REST APIs for fingerprint registration and verification. Designed database schemas using Django ORM and MySQL.

Authentication Web Application

Python · Django REST Framework · MySQL

Developed a secure authentication system with registration, login, and logout functionality, implementing role-based access control and protected routes. Utilized the Django authentication framework for secure password management.

Job Portal Web Application

Python · Django · HTML · CSS · JavaScript · MySQL

Developed a Job Portal application using Django for recruiters and job seekers, implementing user registration, login, profile management, and role-based access control. Built job posting, job search, and application management features using CRUD operations, and integrated the. Designed responsive user interfaces using HTML, CSS, and JavaScript.

EDUCATION

Jeyaraj Annapackiam CSI College of Engineering 2022 – 2026
Bachelor of Engineering (Electronics and Communication Engineering) CGPA: 7.5 / 10.0
